

B Size VSLS

The Hi-Lux Electronic Speed Limit Sign are the most common electronic speed sign in Victoria and the B size is the most popular model sold to date. They come with an array of features including solar or battery backed 240Vac connection, door and tilt alarm, GPS location, LED fault detection, event logging and remote monitoring.

Commonly seen around school zones and shopping strips, the Hi-Lux Electronic Speed Limit Sign Series can communicate back to a control centre with a number of protocols including RTA, HTS, NMS, or even connected to a controller on relay output. Protocols can be transmitted by RS232, RS422/485, Local Radio, Ethernet or Telstra Next-G.
