

# RC1–Ramp Control Sign

The Hi-Lux Ramp Control Series of Signs are designed to be reliable in all environmental conditions. The RC1 sign features changeable messages consisting of either “Ramp Signals On”, “Freeway Closed” and a symbolic “No Right Turn” or “No Left Turn”. The RC1 sign features a robust IP55 rated aluminium enclosure with impact resistant polycarbonate screen and weather proof seals.

Hi-Lux Ramp Control signs feature a range of integration methods, including RTA and HTS protocols, STREAMS or SCATS relay operation and can be remotely communicated to via RS232, RS422/485, Local Radio, Ethernet or 3G mobile data networks.
