

RC2–Ramp Control Sign

The Hi-Lux Ramp Control Series of Signs are designed to be reliable in all environmental conditions. The RC1 sign features changeable messages consisting of either “Ramp Signals On”, “Freeway Closed” and a symbolic “No Right Turn” or “No Left Turn”. The RC1 sign features a robust IP55 rated aluminium enclosure with impact resistant polycarbonate screen and weather proof seals.

Hi-Lux Ramp Control signs feature a range of integration methods, including RTA and HTS protocols, STREAMS or SCATS relay operation and can be remotely communicated to via RS232, RS422, 915Mhz Radio, Ethernet or 3G mobile data networks.

Features

- Multiple changeable message displays
- Hi-Lux Constant Current Driver Technology
- LED fault detection
- Multi-Stage Dimming
- Standard 12 month warranty
- Extended warranty up to 10 years (optional)
- Solar Powered (optional)
- Battery Backed (optional)
